

## GENERAL NEWS BY WIRE

EXPECT MOB  
IN U. S. COURT

Marshal Overlock Asks Custodian for More Seats; Many Interesting Cases Come from the Border.

PHOENIX, Oct. 2.—What threatens to be one dandy crush looms large on the horizon of the next meeting of Judge Sawtelle's court, all same as that now famous April session conducted by Judge Morrow a year ago last spring. A vision of United States Marshal Overlock haunting Custodian McChittick to make the treasury department representative come through with more chairs is likely to become common enough between now and the time of court's opening.

Three hundred witnesses will attend the October session of the United States district court, this fall. Exclusive of the court room crowds the officers and attaches, there is a crowd for the top floor room in the federal building. Where will the marshals and their merry men put the prisoners? Let them wander at will among the corridors? Yes—they won't.

There will be some interesting cases at the next session. There will be some big cases, too. The next session is likely to far outstrip the last in interest. For but few of the important matters are the trials of ammunition smugglers, caught since the last session along the Arizona-Mexico border. These cases are said to be quite numerous and to touch some mighty well known men. Purchasing Agent (Sellers) for the constitutionalists in Southern Sonora was caught with five barrels of ammunition, all packed and ready for shipment to the rebels.

Since the El Paso judge was overruled by the supreme court on his decision as to what constitutes an infringement of the neutrality law, there has been more success in holding suspects, for while the local jury held that actual delivery of the war munitions was the offense, the higher tribunal made it out criminal even to sell ammunition and ship it knowing it to be consigned across the border.

The trouble strip along the boundary will supply the court with quite a bit of work this season, probably more than the other trouble perfect on the Indian reservations where Poor Lo gets his white brother into difficulties for a mouthful of firewater.

MATERIAL IS ORDERED  
BY RAILWAY COMPANY  
FOR CATALINA DISTRICT

San Diego, Where Announcement Is Made Says It Will Mean Joining of Systems

SAN DIEGO, Oct. 2.—H. J. Simmons, general manager of the Phelps Dodge road, the E. P. & S. W., completed the details today for the purchase of 10,000,000 feet of lumber from the Buchanan Lumber company of San Diego and Olympia, Wash., according to an announcement by the company here. The lumber will be used in developing the new Phelps Dodge mining district in the Catalina mountains near Tucson, which is the present western terminus of the E. P. & S. W. It is said. It is also intimated that this is the first stretch in the proposed extension of the line to the coast, presumably to San Diego and Los Angeles.

The Copper Queen mining property in the Old Hat district, in the Catalina mountains, has been lying dormant since the presence of 3 per cent copper sulphide ore in large quantities was fully proven by the company and the option on the claims taken up by final purchase. This was more than a year ago. It was then predicted that an extension of the E. P. & S. W. from Tucson, around the west end of the Catalina mountains and back through the San Pedro valley to Apache camp where the claims are located, would be necessary in order to get the ore out for shipment to the Copper Queen smelter at Douglas.

It is believed that the purchase now being made by General Manager Simmons of the E. P. & S. W. have a bearing on this program.

San Diego railroad authorities profess to see in this move a step toward the long-discussed and often denied junction between the E. P. & S. W. and the Spreckles, the San Diego and Arizona at Yuma. The San Diego and Arizona road is now being built toward Yuma. Its construction is of the highest type, corresponding to that of the E. P. & S. W. Ties and rails are heavy and all bridges and culverts are of concrete.

CARRANZA SAYS  
NO SECESSION

Orders an Emphatic Denial Through Consul—Expected in Cananea Today—\$20,000 Demonstration

NACO, Oct. 2.—(Special)—The following has been wired to the El Paso Herald.

In the second page of your paper of this date you state that according to reliable Americans who were present at a convention held at Hermosillo, General Carranza and other prominent constitutionalist leaders decided to secede with five states as the confederate union of Mexico, and that General Carranza was to be president. General Angeles, Minister of war, etc. As per following message from General Carranza, I am duly authorized to deny such stupendous invention from our political enemies.

HERMOSILLO, Oct. 2.—J. L. Perez, constitutional commercial agent, Naco: As to your message today regarding secession of five states from the federal Mexican union, published in American press, please deny same emphatically.

(Signed) V. CARRANZA.  
J. L. PEREZ  
Constitutional Commercial Agent.

It was learned in the city last night from an arrival from Cananea that Constitutional Provisional president Carranza is expected in that city today or tomorrow. In preparation for his coming a committee has been at work arranging for a great demonstration. A fund of \$20,000 in state currency is being raised to meet expenses. Gen. Carranza was understood to be in Nogales, Sonora, yesterday. Following his visit to Cananea he is expected to come to Naco and Agua Prieta.

Valley Trip  
W. M. Edwards, returned last night from a trip to Sulphur Springs valley where he accompanied several prospective locators.

ADVERTISE IN REVIEW.

PARENTS DEAD, HIS BRAIN AND LUNGS  
HALF GONE, BOY GROPES FOR KNOWLEDGE

Willie Katz at work in Chicago hospital.

Willie Katz is an inmate of the County hospital, Chicago. Born of consumptive parents, both of whom are dead, he is not normal. When he was admitted to the hospital two years ago, only one lobe of his brain had developed, one chamber of his heart was out of commission, and his lungs were so ravaged by tuberculosis that less than one-third remained. The boy had nothing to do all day in the hospital, so he studied electricity and is proving himself a genius.

M'DONALD WATER CO. RETIRES  
AFTER LONG AND GOOD CAREER

Was Highly Useful to Important Districts of City for Many Years—Taken Over by the Bisbee-Naco Water Co., Mains of Which Will Be Connected with the Lines of Old Company—No Change in Rates.

Under a deal closed on the first of the month, the McDonald Water Co. was purchased by the Bisbee-Naco Water Co. From that date all consumers of the former company will be furnished with water by the Bisbee Co. Notices to this effect were sent out yesterday to the patrons of the McDonald Water Co.

There are about 100 connections effected by the sale. No change in rates will occur as under the corporation ruling of a few months ago the rates in all water service in the city were equalized.

As meter rates for water service cannot be paid in advance, it will be necessary for the Bisbee-Naco Water Co. to have a guarantee deposit of \$5 for a meter, which amount will be returned when service is discontinued and all accounts are paid, as is the regular arrangement.

Those who have connections with the McDonald Water Co. system are requested to call and make the necessary arrangements for the continuance of the service. Jas. McDonald said yesterday that he felt certain

grade is 76, which is entirely too many for one teacher to handle satisfactorily hence the necessity for the eighth teacher, Miss Ruth M. McDole of Phoenix has been employed.

BACK IN EL PASO TODAY.  
Th's Is Expectation of Road Workers, Who Reached Douglas Last Evening.

DOUGLAS, Oct. 2.—(Special)—The El Paso road workers, returning from their tour to Phoenix, reported here this afternoon at 4:30 from Tucson, which point they left at 9 o'clock this morning. They came in from Huachuca siding to Douglas direct by way of Hereford and Lowell.

They will leave Douglas early this morning and expect to make the run to El Paso the same day. They found that the rains at Tucson last night had only been of a local character and the mountain roads were good.

The compiler is still of the opinion that the worst road on the route is a stretch of ten miles east from the Empire Ranch in Pinal county. There is also some rough road between the Empire ranch and Tucson, after the section of completed state highway is crossed.

AUTO LINE ESTABLISHED  
CLIFTON—H. R. Scott, who is at present engaged in the conduct of an automobile service line between Clifton and Morenci, announces that he and N. J. Scott, of Miami, will soon inaugurate an automobile service line between Tucson on the Arizona & New Mexico railway, and Solomonville, on the Arizona Eastern railway.

FLORENCE EMPLOYS TEACHER  
FLORENCE—The Florence school board has found it necessary to employ another teacher making eight in all. The enrollment is the first

A Severe Sickness Leaves  
The Kidneys Weak

After recovering from a severe spell of sickness some time ago I was all run-down and suffering from poor blood. I would have pains in my back and hips and my kidneys bothered me all the time. I started taking Swamp-root upon the recommendation of a friend and found it was just what I needed. My blood became all right and after taking a few bottles, I was surprised at the effect it had on my kidneys. They were entirely cured and I have much to be thankful for that your great remedy did for me.

Yours very truly,  
W. O. BLACKMON,  
Phoenix City, Ala.  
Sworn to and subscribed before me, this 14th day of July, 1909.  
W. J. BIRN Justice of the Peace.

Letter to  
Dr. Kilmer & Co.,  
Binghamton, N. Y.

Prove What Swamp-Root Will Do For You  
Send to Dr. Kilmer & Co., Binghamton, N. Y. for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing be sure and mention the Bisbee Daily Review. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

## Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk. The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

This famous Doctor's prescription has been recommended for over 40 years, and is today just as big a success. Restores a healthy appetite. Cleanses the blood. Strengthens the nerves. Regulates stomach and liver. Demand the original.

Dr. Pierce's Golden Medical Discovery  
Sold in Liquid or Tablet form by Dealers in Medicines

Send 21 one-cent stamps to cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1000 pages, clothbound. Address Dr. Pierce, Buffalo, N. Y.

TO DARKEN HAIR  
APPLY SAGE TEA

A Few Applications of Sage Tea and Sulphur Brings Back its Vigor, Color, Gloss and Thickness.

Common garden sage brewed into a strong tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry straggly and thin. Mixing the Sage Tea and Sulphur at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time by morning all gray hairs have disappeared and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Advertisement

Let the Whole Family  
KODAK

Kodaks are actually the best cameras. Ask the kodaker—he knows. There's a kodak for every member of the family—even a baby Brownie for the youngster, and a phototaker of great possibilities for the expert. Simple in construction, easy of operation, handy to handle and low enough in cost. What more could be offered as an inducement to kodak now? We sell all grades of kodaks and photographic supplies. Goods all new—all worthy—and desirable.

LADYBUGS USED  
TO DRIVE OFF APHIS

University Experts Clear Red Orchards of Insects with Them; Kept on Ice.

TUCSON, Oct. 2.—The ladybug as a means of fighting insect parasites, the melon aphid which attacks cantaloupes and the wooly aphid which is injurious to apples, will again be utilized by the workers at the Experiment station of the State university.

The results attained from the use of the ladybug as a destroyer of these pests is so favorable that the regular grower of the ladybugs has become a routine matter with workers at the Arizona Experiment station, according to a statement made by Prof. R. H. Forbes yesterday.

The ladybugs are gathered in the late winter in the mountains while in a semi-hibernating state and are taken to the station. Here they are placed in crates and kept in a room the temperature of which is kept as close to 35 degrees Fahrenheit as possible. Beginning at such a time as they are needed they are taken out in the numbers wanted. If kept longer than a certain time on ice, about five months, they will die.

"GETS-IT", Nothing  
Like It For Corns

Easy As One, Two, Three; No Fuss, No Pain, by Using "GETS-IT".

Just take two seconds to put a little "GETS-IT" on that corn. That corn is "done for" as sure as the sun rises. The corn shrivels up, vanishes. That's the surprise you get.

See How Quick "GETS-IT" Will Remove That Corn and Stop the Corn Pain!

by using this new-plant corn cure. There's nothing to stick to the stocking or sock; your corn pains stop. You've saved the bother of applying plasters that make the corn bulge out from the core. You've saved slaves that eat into the healthy flesh and "pull" no more fussing with bandages. You don't have to help by picking and dragging out your corns, or cutting with knives or razors.

"GETS-IT" is safe, painless, stops pain, never hurts healthy flesh. It is guaranteed. Try it on warts, callouses and bunions, too.

"GETS-IT" is sold at all druggists at 25 cents a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Bisbee by Bisbee Drug Co., Central Pharmacy and Phelps Dodge Mercantile Co.

Fall Styles  
IN  
FOOTWEAR FOR WOMEN  
If You'll Come Here We'll Fit Your Feet  
With Shoes That Fit Your Own Ideas

The new season's models in point of beauty and quality, are the equal of any to be found in America. Our present exhibit of Fall and Winter styles embrace the most exquisite modes of the bootmakers' creative art.

Discriminating women readily discern the charm and individual distinction of The Fair's shoes for women; and this charm and distinction is as noticeable in a pair of our Street Boots as it is in the daintier Low Cuts.

Our Shoes are made by some of the largest and most modernly equipped eastern factories. Buying in large quantities for spot cash make our moderate prices possible. They are carefully selected, and especially designed and made to conform with our requirements and specifications, and embody many points of elegance and exclusiveness.

The integrity of construction, and the carefully selected materials that go into them, make it real economy to purchase your shoes at The Fair store—and, the broad variety of late styles afford almost limitless scope for the exercise of individual taste in the selection of one's footwear.

We direct your especial attention to our splendid showing of High Button Boots for street and semi-dress occasions, embracing a variety of new models and every favorite leather—priced at

\$4.00 and \$5.00
